

## JoAnn Macios named to school board post

By Dave Gosnell

Staff writer

GRANITE CITY — Nameoki township resident JoAnn Macios has been appointed to the District 9 Board of Education by Regional Superintendent of Schools Gene Briggs.

The Macios appointment ends about 45 days in which the board seat remained vacant due to the resignation Aug. 26 of Jerry McKechan.

Briggs was obligated by law to fill the seat when board members could not agree on a replacement within 30 days.

MACIOS was selected from among 12 candidates interviewed by Briggs.

She is the manager of the township's assessment office. Her husband, Carl, who previously served on the school board, since then has been the township's elected assessor.

"I'm really happy about it," Macios said of her appointment.

"Macios, who will take her position at the board's regular meeting on Oct. 21, said she hopes her appointment will serve to create unity among board members."

"I WANT MAINLY to get things on the mainstream again. Maybe we can have some harmony again," she said, referring to recent controversies between former superintendent Max Redmond and some board members.

"I'm pretty easy to get along with," she said.

Saying she followed the controversy surrounding the board and Redmond, she offered some observations.

"I WAS SORRY that it happened."

New board member

With Mr. Redmond, I didn't get to meet him personally. I mainly felt it was such a sad thing and I was sorry they (the board and Redmond) couldn't settle things in a better way," she said.

Redmond resigned in July, citing differences between himself and some board members over hiring practices.

Macios said she thought that Briggs was impressed with her responses to his questions and that Briggs might have wanted to appoint a woman to the board.

"I SAID IT WOULD be wise to have another woman on the board. He got a kick out of the idea that women are more logical," she said. Briggs called his obligation to appoint a new member "a no-win situation."

He declined to comment on why he selected Macios over the other applicants.

"The law is very clear.... It doesn't say on what basis" an appointment is made, Briggs said. He was referring to the law that requires the regional superintendent to appoint a new board member within 15 days if a board cannot agree on a replacement within 30 days.

BRIGGS SAID he used a standard format that asked each candidate the same questions during the interviews.

"I think people realize when things get to this point, you have to do your job whether you like it or not," he said.

School Board President Dewey Melton said, "I welcome her to the board. I hope she does a good job and I'm sure she will."

"I think everyone should be glad it's over. It's better to have a seven-member board," he said.

"I wish her luck. There's a hard job ahead of her," said Member Dave Partney.

MACIOS HAS SIX grown children and two grandchildren; the grandchildren attend District 9 schools. Macios said it is "my turn" to serve on the school board, referring to her husband Carl's 10 years on the board, including his service as president and secretary.

"I think it's funny that he will be attending functions accompanying me that I used to accompany him."

"I just really want to do my share," she said.

Macios will be one of three rural members of the board; two or more are required. She lives on Cambridge Drive.

## Schools need more teachers

By Dave Gosnell

Staff writer

GRANITE CITY — The District 9 Board of Education last week turned down a request by parents of Parkview and Niedringhaus grade school students to add teachers at the schools.

About 18 parents urged the board to add another kindergarten teacher to alleviate what they said was an overcrowded class at Parkview.

ANOTHER GROUP wanted the board to hire a full-time teacher at Niedringhaus grade school, citing overcrowding.

Bonnie Goldenberg, who has a

daughter attending kindergarten at Parkview, presented a "petition to the board signed by about 60 parents who have children in Parkview kindergarten classes."

She said the kindergarten classes were "far too large.... We believe that it is at the school board limit."

Goldenberg said one of the kindergarten classes totaled 34 students. School district guidelines describe "34 plus two" as a limit for kindergarten classes.

Rona Dolly said she represented parents of third graders at Niedringhaus.

"WE ARE BACK with 75 students

(for two classes). The district is no longer in the red. We deserve another teacher," Dolly told the board.

Administrative assistant Rich Brinkhoff said the average class size at Parkview is 32 students and that no classes in the district exceed the district's class-size guidelines.

Based on Brinkhoff's class size report, Superintendent Gib Walsley recommended that no new teachers be hired.

"THERE IS no situation... that is

## Ice rink contract renewed

By Dave Gosnell

Staff writer

GRANITE CITY — The Park District will renew the maintenance contract for the ice skating rink in Wilson Park.

The district considered dropping the \$25,000 per year contract as a cost-cutting measure and because a key piece of machinery will not be covered under the new contract. But President George Sykes of the

Park District Board of Commissioners said the district will renew its contract with York Inc. of St. Louis, despite the company's refusal to service the rink's evaporator, an integral part of the ice-making system, under the contract.

York told the district in August the evaporator was in poor condition and was unrepairable. The company gave the equipment a "50-50" chance of making it through this

year's skating season.

Sykes said the contract was still cost-effective and would service all other rink ice-making equipment.

"We are getting our money's worth on that," he said.

The district will buy a new evaporator to be installed before next year's ice skating season begins, said Sykes. He said replacement

Thursday, Oct. 12, 1981  
Thomas G. Wilson escaped serious injury when he was blown 12 feet into the air while standing on a concrete cesspool lid. Wilson was burning trash including empty paint cans. "I just lit a cigarette and I bent over to set the trash on fire," said Wilson. Neighbors told him they saw him over the top of his garage during the blast.

## No couch in psychologist's office

By Bill Bagby

Staff writer

GRANITE CITY — There's no couch in Dewey Mathews' office.

With its paneled walls, desk and big chairs, his office looks like that of a business executive.

HOWEVER, Mathews isn't an executive. He's a clinical psychologist at Mental Health Services of Southern Madison County Inc., located at 929 State St.

A psychologist for 30 years, Mathews has worked in Granite City since 1960. He evaluates mental disorders and provides counseling which is hoped will eliminate the problem.

Mathews said he deals with a full spectrum of disorders, from stress reactions to schizophrenia.

Averaging 30-35 patients a week, Mathews said he's pleased with the results in patients over the years.

MATHEWS SAID emphasis is put on in-office patient treatment, avoiding hospitalization.

He remembered a patient who worked on high-voltage electrical lines. Due to a family crisis, Mathews said, the man developed a phobia of high places.

### Sunday focus

After about eight office visits, the man was cured of his fear and was able to return to work.

"IT'S REWARDING to see someone recover and be happy in a short period of time," Mathews said.

Mathews, who became interested in psychology in college, said there have been many advancements in the field of mental health since his start 30 years ago.

Anti-depressant medications have

greatly improved the treatment of patients, Mathews said.

RESEARCH by Masters and Johnson into sexual behavior and functions has also played an important role, he said.

An important development Mathews has seen is the willingness of people to seek professional help concerning mental disorders.

Approximately 60 percent of the patients treated at the Granite City office were referred there by people they know who have received treatment.

THERE'S STILL a stigma attached to the treatment of mental disorders, a stigma Mathews is trying to eliminate.

"In the past you were shipped off to a mental hospital and stayed there for a long time," he said. "Now it's much more difficult to

get into a state hospital than to get out."

Though some patients are embarrassed at first, Mathews said, the final results remove their inhibitions.

"THE BENEFITS override the self-consciousness they feel," he said.

Congress recently proclaimed Oct. 5-11 as mental illness awareness week. Mathews said the purpose of the week was to make the public aware that mental disorders are common and treatment is available locally.

It is estimated that one out of every five Americans suffers from a mental disorder at some time in his or her life, said John V. Johnson, executive director of Mental Health Services. However, only one in five of those who suffer from a mental illness seek treatment, he said.

### Pontoon seniors will host open house today

PONTOON BEACH — The Pontoon Beach Senior Citizens will hold an open house today, Sunday, from 2 to 4 p.m. at their facility at 360 Illinois 111. The public is invited to visit the

facility and view the recently completed addition to the building. Entertainment will be provided and prizes will be given. Refreshments will also be served.

# You can't miss it; it's north of Glen and Lake

Did you ever wonder who drafts the layout of a town and, more important, who decides the names of the streets?

Do you know the Quad-City Area? If you think you do then take a ride someday and see if you can find your way from one street to another with the same name. They are not always in the same area or town, but are in the Quad-Cities.

There cannot be any coordination between the two decisions when a city has several streets with the same name and the only distinction is that one is called a drive, road, avenue or street. I have noticed that on return addresses people seldom put the designation of road, street, etc., so you are at a loss as to which one you are trying to locate.

There is one avenue in Granite City that is mind-boggling to area residents and would be a nightmare for out of town person. Clark Avenue begins at 1500, extends east two blocks, jumps the drainage ditch, resumes in the 2000 and 2100 blocks and again jumps, over Franklin Avenue, to cross Johnson Road and become 2300. Then there is one house in the 2400 block, but from that point (at Maryville Road) Clark becomes Buenger Boulevard to further confuse people.

Now move to the Briarcliff subdivision (off West Pontoon Road) and its winding streets. If you are fully aware of the area you are all right. But if you are a stranger to our town, you may become perplexed when you see Briarcliff Drive, Briarhaven Drive, Briarwood Lane, Briarview Lane, and Briarwood Drive.

Really, could the developer not find more varied street names than that to eliminate the confusion?

There are Cambridge Court in Pontoon Beach and Cambridge Drive, off Stratford Lane. There are Central Avenue and Mitchell Lane in Pontoon Beach and Central Street in Madison. I hope people know which area to go to in looking for these locations.

Country Lane Court begins in the 1900 block of Johnson Road and Country Place Lane off Stratford Lane north. Bradley obviously was a popular name at one time, since there are a Bradley Avenue in Pontoon Beach and another Bradley Avenue off Fehling Road. The only way to differentiate is that, in Pontoon Beach, the house numbers are single or double digits and the numbers of the five homes on Bradley off Fehling Road are four numerals long.

There are Glen Drive and Glen Place within the same subdivision in Granite City (not to mention John Glenn Drive in Nameoki Township). There are Harrison Avenue just off Nameoki Road and Harrison Avenue off Fehling Road. Harrison Avenue from Illinois 162, plus a Harrison Street in Eagles Park Acres near Madison.

Doubles include Iris Avenue, east

## Columnists' Club

By Donna Kimbro

of Marigold Drive, and Iris Court, which intersects with Lilly Avenue, north of Lilly Court, east of Lilly Avenue in the Pontoon Beach area.

The word Lake must have intrigued many people and also may have stemmed from nearby bodies of water. In any case, there are Lake Drive, Lake Street and Lakeview Drive, all in the Pontoon Beach area, home of Long Lake.

North Drive runs from East Lake Drive to Illinois 111, North Street in Granite City from Rock Road east (West Granite), and another North Street from Amos Avenue to Nameoki Road. All have Granite City mailing addresses.

Other doubles at Park Lane from 4100 Division St. and Park Avenue, intersecting 2100 E. 20th St.; Paul Avenue from Vine Boulevard north and Paul Drive from Venetia Street (off Illinois 3) north; Robin Court is from 2700 Stratford Lane and Robin Street is in Venice.

There is a Rodgers Street in the Mitchell area and Rodgers Avenue from 1900 Joy Ave.; Roosevelt Avenue is in the West Granite neighborhood and Roosevelt Drive is in the Eagles Park Acres area.

Ruth Drive extends from St. Thomas Road (Chouteau Township) west and Ruth Street from Cargill Road south (Pontoon Road).

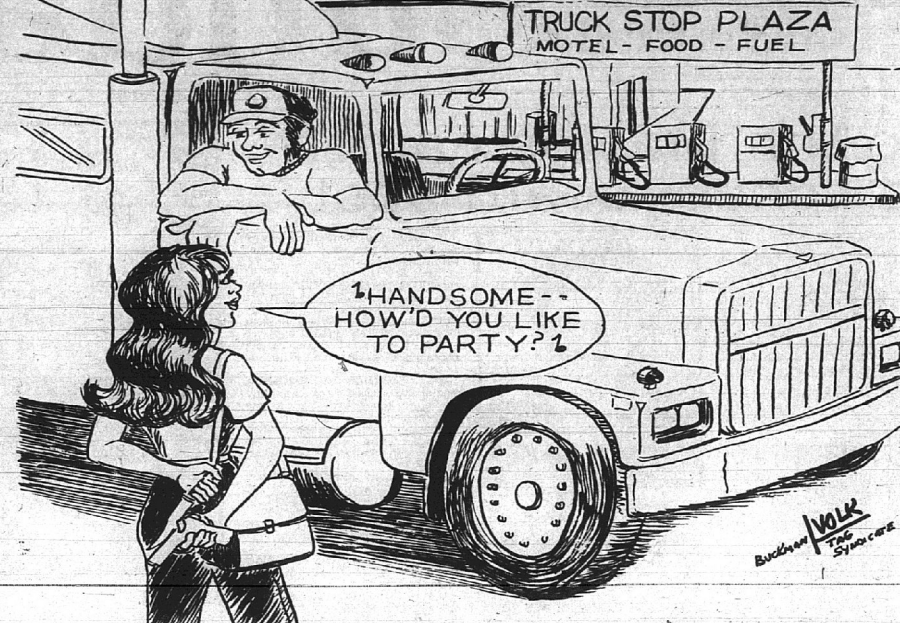

Tulip Avenue goes east to Marigold Avenue and Tulip Court runs east to Tulip Avenue; this could certainly confuse a driver since they are in the same vicinity with Violet Avenue, which runs south of Tulip Avenue, and Violet Court, east to Violet Avenue.

Another confusing area is reached by driving north on Benton Street until you come to a curve near Wilson Park. You automatically are on Fehling Road. However, when you drive east on Fehling Road to the light at the intersection, you can cross over and soon be on Johnson Road.

This is bad enough but look up at the street signs at the traffic lights and you will find the street name of Fehling is misspelled.

If you are expecting out-of-town relatives or guests, be sure you give them specific directions to your house. And, when giving the street name, make sure you also label it as an avenue, street, place, road, court or whatever you are stuck with.

Finding a house in an unfamiliar town, the surgeon general might agree, can be hazardous to your nerves, especially at night.

## Massive, unselfish service to this community

Public service and a keen dedication to sight and hearing conservation are the impressive achievements that emerge when looking at the successful efforts put forth by the Pontoon Beach Lionsess Club since its inception.

"We serve too" is the motto of the group, which was chartered Aug. 3, 1977, under the sponsorship of the Pontoon Beach Lions Club.

The Pontoon Beach women's organization was the first Lionsess club to be chartered in Lions District 1-G. The club's accomplishments have helped many persons in the Quad-City Area.

In addition to its primary purpose involving the conservation of sight and hearing, club members devote their efforts to environmental and health issues, citizenship, recreational and educational pursuits, along with other public services.

Throughout the nine years of its existence, an estimated \$18,529 has been donated by Lionsesses toward sight and hearing conservation; another \$17,615 for projects pertaining to children in the Quad-City Area; and \$76,509 toward other community service projects.

A variety of fund-raising activities was held during the first five years of the club's existence. However, in the past four years the major source of funds has come from sponsoring bingo, which presently is held on Tuesday nights at the St. Gregory Armenian Community Center.

Lionsesses have volunteered their services in blood drives and fund-raisers for the Cystic Fibrosis Foundation, the American Cancer Society and the American Diabetes Association.

They also work in conjunction with the Pontoon Beach Lions in the annual Candy Day and Give-A-Can projects, Eye-Donor Registry, Glaucoma Unit, eyeglass collections, and the Journey for Sight bike-athon.

For the past six years, usually on

the first weekend in May, the Lionsesses have held their Caramel Corn Day, from which all proceeds benefit those with visual or hearing impairments. A total of \$9,148 has been donated through this project alone.

The club has sponsored a Halloween parade in Pontoon Beach over the past eight years with an average of 100 youngsters taking part each year. In 1984, the club started sponsoring an annual Easter egg hunt, with attendance being successful also.

For approximately seven years the Lionsesses have furnished food and toys for 80 to 100 holiday baskets distributed in the community by the Lions.

Christmas baskets and gifts of fresh fruit, school supplies and accessories were delivered to the Alton Children's Home for three years, and in the last three years the Lionsesses have purchased presents in lieu of exchanging personal holiday gifts for the children at Christmas time, along with stockings filled with candy and fresh fruit.

Last year, these children came to Pontoon Beach, where a Christmas party was held in their honor at the Lions Den II.

Benefit fashion shows, combined with an advertising booth, were sponsored for three years, with proceeds aiding the St. Elizabeth Medical Center's Pediatrics Department, Hospice and Meals on Wheels programs. Our current donations still include programs at St. Elizabeth Medical Center.

In 1982, the club established a \$500 scholarship at Southern Illinois University at Edwardsville, as part of the annual Honors Day awards program. The grant has been made each year to an undergraduate student with a declared major in the SUE Department of Speech Pathology and Audiology, preferably a resident of Madison County.

Also in 1984, a \$500 scholarship program was set up with the Granite City Campus of Belleville Area College.

In 1983, the Lionsess Club aided the Pontoon Beach Lions Club in forming a Leos Club in Pontoon Beach. Lionsess Henrietta Graham is currently the Leos co-advisor.

Local members of the club also aided in establishing the Edwardsville and Venice Lionsess clubs. Since the establishment of a Sight and Sound Committee in 1985, cur-

rently chaired by Lionsess Ada Conklin, the club has helped individuals by purchasing 19 pairs of eyeglasses, four hearing aids, a masker for a hearing aid, and the rental fee for a teleprinter.

Locally in the Pontoon Beach area, the Lionsesses have donated monies to help the Long Lake Volunteer Fire Department purchase appliances for a kitchen, video equipment, a new Hertz cutting tool for the "Jaws of Life," a Kodak backboard (four years ago it was the only one in the area), shock pants for firefighters, and smoke detectors.

For the Pontoon Beach Police Department, the club has donated towards radar equipment, new uniforms, a computer system, walkie talkies and whatever else the department felt it needed in assisting our community.

The club currently has 26 active members, 10 of whom are wives of Lions.

The club mascot is Jessica Papp, daughter of Lionsess Kelsey Papp. Current president of the club is Linda Leleniewski.

Past presidents include LaVerne Malzynski, Lynn Votupol, Dolores Kieffer, Judy Wasson, Linda Schermer, Nancy Goodwin, Cindy Nieper and Charlotte Fowler.

"Lioness of the Year" honors for distinguished dedication and service have been awarded to Charlotte Fowler, Cindy Nieper, the late Thelma Dean, Barbara Brawley, Debra Durbin, Linda Leleniewski, Charlotte Minks and Barbara Murphy.

Lynn Squires, a Lions Club member, serves as liaison officer between the Lionsesses and Lions. In summary, in the nine years that the Pontoon Beach Lionsess Club has been in existence, this club has donated to the Quad-City Area a total of \$112,653, not including all the time and effort it has taken in developing and making its service projects work.

## Would elected leaders lie?

The press does its best to divide fiction from fact, and some elected officials have made an art of lying; the press, unwittingly most of the time, sometimes repeats those lies.

Perhaps the press can be lied to because newsmen they're portrayed by some politicians to be. Like most Americans, newsmen want to believe their leaders are honorable, honest people.

But newsmen must be pessimists. They must look at situations with a critical eye, seeking the dark corners on the bright pictures painted by politicians. When the analysis is over, sometimes the delightful Monet looks more like a disturbing Dali.

Lying seems to come quite easy to some politicians.

President Richard Nixon told us several times he knew nothing about Watergate. He did. He lied. He seemed rather that he expected.

In Madison County, the former supervisor of assessments, James Barton, told the Press-Record in November 1982 that there were no "strings attached" to money he ac-

cepted from Bill Nichols. A jury disagreed. Four years later, Barton was convicted of bribery.

Lying by politicians at all levels is not unusual. That's why it wasn't really shocking when the analysis of the Watergate scandal broke a story that information about Libyan activities, after that country was bombed by the U.S., was partially accepted by the administration.

The so-called "disinformation campaign" was given credence by one of those responsible for revealing the Watergate scandal, Bob Woodward. He produced a memo from National Security Adviser John Poindexter to President Reagan.

According to Time, Poindexter

outlined a plan that "combines real and illusionary events — through a disinformation program — with the basic goal of making Gaddafi think that there is a high degree of internal opposition to him within Libya, that his key trusted aides are disloyal, that the U.S. is about to move against him militarily."

Information leaked to the media about Gaddafi's regime was deliberate fiction. The intentionally aimed disinformation campaign was intended to mislead Muammar Gaddafi. It worked, but it also succeeded in misleading the press and the people who trust what they read.

Faith in government is eroded each time the people hear their leaders lie or tell half-truths. There's no reason to wonder why the number voting in elections is so low. Many of those who don't vote are, perhaps, actually giving a vote of "no confidence."

The Reagan administration is welcome to continue its disinformation campaign against Gaddafi. But it should make sure the American people are not as fooled by the information as Libya's leader.

## Explains business license probation

To the editor:

There was an article in the Sunday, Oct. 5, Press-Record/Journal stating that my company, B & B Security Systems, has been placed on probation for two years. The article further stated that my own personal license had also been placed on probation for the same two years.

According to the article, the probation is due to operating without a license. What the (original) article didn't state is that in 1981 when I established B & B Security Systems the state did not require a license.

The state legislature then passed a law that went into effect on Jan. 1, 1984. The Department of Registration and Education, which monitors

the alarm contractor licenses, failed to notify alarm contractors that a new law had passed so that the companies could comply.

I then had to submit applications for my license to the department and wait for a reply. In May of this year I went before the review board of the Department of Registration and Education, seeking my license.

The review board had not granted any licenses to that date. I was fortunate and was granted my license on the condition of it being placed on a two-year probation. I agreed because a two-year probation license was better than no license at all.

## Building needed by youth council

GRANITE CITY — The Granite City Youth Council is desperately seeking a building for a youth recreation center.

"Granite City lacks a facility for teens to go and have fun," a council spokesperson said. "The building would provide clean entertainment while keeping teens off the streets and out of parking lots."

The newly-formed council has been working over a year under the guidance of Mayor Von Dee Cruse to obtain a building. The council feels the building is necessary to provide activities of interest for teens of the community, keeping them occupied close to home.

"Many teens look outside our community for facilities providing activities of interest to them," the spokesperson said. "It would be an advantage to the community to obtain a facility of this kind."

The building would offer a place for activities such as dances, individual projects and crafts, plays, games and the opportunity to socialize with other teens.

Anyone with access to a building of possible use can contact Cruse's office at 452-6214. A building on a trial basis would be greatly appreciated by the council.

are 2½-pound packages for \$4. Newly available this year is microwave popping corn in a box containing five servings for \$5.

Orders will be accepted until Oct. 20.

There will be a cub scout leaders' roundtable meeting on Tuesday, Oct. 14, at Coolidge Junior High School at 7:30 p.m.

Mr. and Mrs. Larry Watson  
**Watson-Rodgers**

Pamela Denise Rodgers and Larry Wayne Watson were married July 26 at Full Gospel Fellowship Church by the Rev. Ronald Johnson. The bride is the daughter of Mr. and Mrs. John Rodgers and the groom is the son of Mr. and Mrs. James Watson, all of Granite City. The matron of honor was Karen Keith, a sister of the bride, and the bridesmaid was Sharon Cridler. The best man was Robert Hebbelwhite and the groomsmen were Mike Acinelli.

Ushers were Richard Watson, a brother of the groom, and Steve Cridler. A reception was held at the Madison Recreation Center. The bride is a graduate of Granite City High School and is employed by Chart Automotive of St. Louis as a receptionist. The groom is a graduate of Granite City High School North and is employed by McDonald's Restaurant as an assistant manager.

### Homemakers hear Mary Thebeau

The lesson of the month for the Granite City Homemakers Unit was "wellness maintained by self-care," given by Mrs. Mary Thebeau. She recommended that everyone be aware of over-medication, even though it may be prescription drugs. Maintaining a normal body weight was also stressed. Personal habits, feelings and emotions, community involvement, auto safety, rest, relaxation and fitness were all named as factors that can help keep people well. A potluck luncheon was coordinated by Martha Taylor, Helen Parks and Betty Weston. The meeting was called to order by first vice president Adele Wasylak. The pledge of allegiance was led by Mary Thebeau and the Homemakers creed by Florence Sikkes. There were 25 members and six guests in attendance. Guests were Emylee Alford, Adele Balcer, Zita Bequette, May Belle Borum, Juanita Gruber and Vincine Zerlan. Members were reminded of the district meeting to be held on Monday, Nov. 17, at 7 p.m. at Hope Lutheran Church, 3715 Wabash Ave. LaNeil Lesseg informed the members of the International Day to be held at the extension office on Oct. 29 at 10:30 a.m. "Ireland" will be the subject of study this year. Reservations must be made through Oct. 22, she said. Mrs. Wasylak announced a craft day will be held Tuesday, Nov. 11, at the Nameoki Presbyterian Church starting at 10 a.m. For additional information, she said, members may call her or Carol Cain. The family resources chairman, Betty Weston, read an article entitled "Is TB Coming Back?" She also awarded a prize to Ruby Hart. It was decided the Christmas party this year will be held at Walton's in the Cottonwood Center on Thursday, Dec. 4, at noon. Reservations must be in by Nov. 24 by calling Ann Konopka. A white elephant auction was conducted by Celia Schreiber. She closed the meeting by leading the Homemakers aim.

### Fall activities at Word of Life

The Workers for Christ from Word of Life Tabernacle will hold their annual Christmas bazaar on Saturday, Oct. 18, at the Granite City Schanck's store. The bazaar will feature handmade craft items including quilts, floral arrangements, afghans, wall hangings, and many Christmas items. There will also be a bake sale featuring homemade pastries and desserts, and the public is invited. The youth group also is busy in October. The group visited Six Flags for the last time this year on Oct. 11, will enjoy bowling and pizza on Oct. 23 and will hold a costume party on Halloween night. On Oct. 5, the group went to Pantera's following the evening worship service, and

will go to the Ponderosa sundae bar on Oct. 14. Meetings will be held on Oct. 13 and 27 with an evening of visitation scheduled for Oct. 20. The group also is planning for November, the "month of giving," and a Christmas musical in December. The Sunday School Department will host a costume party on Saturday, Oct. 25; guests will dress as Bible characters. The adult choir has begun work on its Christmas program, to be presented on Sunday, Dec. 21, at the evening service. The church will visit the local YM-CAY for "wallyball," a variation of volleyball, on Friday, Oct. 17, at 7 p.m.

## YOUR STARS

By Stella Wilder

**LIBRA** Sept. 23-Oct. 7- Suppress doubts about another. Give this week's events time to prove guilt or innocence. Sit back and wait. Oct. 8-Oct. 22- Behave in such a way that you fulfill another's idea of how a loved one should look, act and speak.  
**SCORPIO** Oct. 23-Nov. 7- You will have to reconcile a few seemingly opposites before you can take advantage of this week's opportunities. Nov. 8-Nov. 21- A few elegant accessories make the outfit. This is a principle you can apply to many things this week.  
**SAGITTARIUS** Nov. 22-Dec. 7- You should be able to squeeze in more than you've scheduled and still find time for yourself. Dec. 8-

Dec. 21- The days may be crowded to bursting. Even so, you would be wise to find some time you can use in leisurely fashion.  
**CAPRICORN** Dec. 22-Jan. 6- Prospects appear less favorable than they really are. Don't be dismayed by what seems a lack of opportunity. Jan. 7-Jan. 19- Items stored away and long forgotten suddenly come to light to fill the week with old joys.  
**AQUARIUS** Jan. 20-Feb. 3- On the strength of experience, you should be able to sign new contracts for fun and profit. Feb. 4-Feb. 18- Events of the week neither surprise nor elate you. They do, however, satisfy your need for measurable progress.

**PISCES** Feb. 19-March 5- The time has come to begin rebuilding an old relationship fallen into disrepair. Take the first step. March 6-March 20- Worries and suspicions prove unfounded as events of the week support views opposite those you've harbored.  
**ARIES** March 21-April 4- You needn't compromise on anything this week, and most certainly not on matters of finance. April 5-April 19- Don't be surprised to find yourself making important decisions with little more than a moment's reflection this week.  
**TAURUS** April 20-May 5- You need not suffer from discontent. Take a good look at yourself this week. Set new goals. May 6-May

20- Any extravagance, whether with money or behavior, would be ill-advised. This is a week for caution in all areas.  
**GEMINI** May 21-June 6- Looking glum and worried solves nothing and makes others feel bad. Try to put a good face on things. June 7-June 20- The incongruous appearance of things must not be allowed to confuse important issues. Look beneath the surface!  
**CANCER** June 21-July 7- Partners should agree with your plans before you begin to carry them out. You may wish to wait a while. July 8-July 22- Conferences with superiors go well early in the

week. Not so, however, toward week's end.  
**LEO** July 23-Aug. 7- Though your intentions are good, your judgment may be more than a little off this week. Save decisions for later. Aug. 8-Aug. 22- Problems connected with the elderly demand your attention now. Your own worries come last this week.  
**VIRGO** Aug. 23-Sept. 7- Financial transactions are not as risky as you have been led to believe. Move ahead with confidence. Sept. 8-Sept. 22- Home and family affairs go so well that you are encouraged to undertake new home-based projects.

## DAR chapter member dies

Members of the Drusilla Andrews Chapter of the DAR were saddened last week to learn of the death of Mrs. Louis (Dorothy) Needles Buenger, the last surviving charter member of the chapter. Mrs. Buenger, 89, died Sept. 25 in Barnes Hospital. Private services were held at Greenmont Cemetery, Belleville.

Mrs. Buenger assisted her mother, Mrs. Clara Halbert Needles, in the organization of the Drusilla Andrews Chapter, for which a national charter was signed on Sept. 15, 1924.

Mrs. Buenger served as the second regent of the chapter, following her mother in that office.

Names of DAR chapters must be approved by the national organization. Drusilla Andrews was a young girl who was taken captive by the Kickapoo Indians when they attacked her parents' farm in Monroe County in 1786. Other members of her family were either massacred or died in captivity but Drusilla Andrews was ransomed back after over a year's time in the hands of the Indians and various fur traders.

In 1947 when the Memorial Bell Tower was being established at Valley Forge, Pa., Mrs. Buenger gave funds in memory of her mother and the Drusilla Andrews Chapter name was engraved on the Illinois state plaque at the memorial.

Mrs. Buenger was honored by the local chapter in September 1984 at its 60th anniversary tea. The state regent, Mrs. Donald Zimmerman, presented a newly-commissioned charter-member pin to Mrs. Buenger.

The former resident was also a member of the National DAR 50-year club, and a member of the Kaskaskia Chapter of the U.S. Daughters of 1812. She held membership in the Missouri Society of the Dames of the Court of Honor and in the Missouri Division of the National Society of Magna Carta Dames.

Mrs. Buenger's daughter, Mrs. Dorothy B. Richardson, who resides in Canada, and her two granddaughters, Dr. Ruth Richardson Ragovin of New Jersey and Sarah L. Richardson, a student in Texas, are all members of the Drusilla Andrews Chapter. The local regent said, "It is a great honor for a chapter to have had three generations of the same family in a chapter which was named for their ancestor."

But Goldenberg said several students with special needs, such as those with multiple handicaps, also attend regular classes for part of the day, and they are not counted in the official enrollment figures.

Instead of hiring another teacher, the board decided to hire two teacher aides at Parkview.

Brinkhoff said the district may be able to pay for the aides under a state grant.

None were hired at Niedringhaus. GOLDENBERG SAID after the meeting that teacher aides will help alleviate the class situation.

She said almost all parents of Parkview kindergarten students were concerned about the class sizes.

## Runners, walkers ready for Going Strong event Saturday

By Deborah Williams

For the second year in a row, Dan Gray, co-anchor for KMOV-TV, Channel 4, will help present awards to the winners of the third annual Going Strong Run, Saturday, Oct. 18, sponsored by St. Elizabeth Medical Center.

Ralph Hausmann, SEMC run director, said that following the run, Gray will also assist in distributing prizes that have been donated by over 80 local businesses and organizations to runners in attendance.

"Dan was a great help to us last year," said Hausmann, "and we're pleased he could attend again this year. Presenting the 45 or so trophies and handing out the large number of prizes takes a lot of time and energy."

"Everyone — the runners, the volunteers, and the medical-center associates — had a great time at past runs, and we're looking forward to another successful event with an even bigger turnout."

Hausmann estimates that over 300 runners and walkers will be participating in the run's five-mile or one-mile fun run.

The five-mile run, which starts at 9 a.m., will follow course that leads past scenic garden areas in Wilson Park and newly renovated historic homes along Benton Street, and Cleveland Blvd., once referred to as "silk stocking row."

"Last year, many of the residents came out and cheered our runners on," said Hausmann, "which the runners really enjoyed. We like to see this type of community involvement and hope the results will do the same this year. Maps of the course will be distributed to people living along the five-mile course several days before the run."

Participants in the one-mile fun run, which is scheduled to begin at 9:15 a.m., can either walk or run the course.

"People tend to think that only athletes participate in these runs, but that's not true," said Hausmann. "Every year, we get 35 or so walkers who participate in our one-mile."

"Since walking is now a popular activity with senior citizens, cardiac rehabilitation patients and individuals just wanting to increase their exercise time, I encourage everyone to come out and join us for

Dan Gray

a full morning of fun, fellowship and prizes."

Pre-registration is \$5 for either race and \$7 on race day. Race-day registration begins at 7 a.m. in Kaender's Pavilion (the main lobby of the medical center). T-shirts will be given to the first 300 entrants.

Race packets and T-shirts can be picked up on Friday, Oct. 17, between noon and 7 p.m., in the medical center's main lobby, and on race day between 7 and 8:30 a.m.

Trophies will be presented to the first, second and third-place male and female five-mile finishers in each of the following age categories: 15 and under, 16-18, 19-29, 30-39, 40-49, 50-59, and 60 and older; as well as the oldest and the overall fastest runners to cross the finish line.

Blood pressure, pulmonary function testing and body frame determination will be available to the participants, courtesy of the SEMC Industrial Medicine Department.

Eight area business and organizations co-sponsoring this event are: Burns Nursery, C.D. Peters Construction Co., Granite City Glass Co., Granite Sheet Metal Works, Grove Plumbing, Fyran and Electric S.M. Wilson & Co. and Masonry Lodge 835.

Registration forms are available through the SEMC Social Work or Public Relations departments. For more information, 798-3018 or 798-3167 can be called.

(Continued from Page 1A) ing all ice-making equipment, which is 20 years old this year, had been considered but the option was eliminated when the district's finance committee received cost estimates of about \$100,000.

"We quickly eliminated that thought. The equipment has been well-maintained," Sykes said.

The evaporator is expected to cost about \$20,000 and will take about three months to receive after being placed on order. Sykes said he would

like to wait until this season is over before ordering the part.

"I would like to get through the winter and wait until the season's over. But whenever it happens (the evaporator breaks down), we'll do it," he said.

If the evaporator breaks down, the ice skating season will end for the year, Parks and Recreation Director Steve Kessel recently told the Press-Record/Journal.

# Final Four bound Warriors beat Hawks, 2-1

By Gregg Ochoa

Executive Sports Editor

GRANITE CITY — Like sharks who smell blood, the Warrior soccer team took out its prey early Friday night scoring a 2-1 win over Hazelwood Central.

The victory moved Granite City into the semifinals of the sixth annual Tournament of Champions which were to be played Saturday.

The Warriors (11-0-2) won all three games in their pool and were to meet St. Louis University High School, the only other team to win three games.

In the other semifinal, DeSmet will play Parkway West, an upset winner over Vianney. In Group B, DeSmet, CBC and Hazelwood East all finished with 2-1 records. However, DeSmet, the defending champions, advanced to the Final Four based on goal differential in during the tournament.

Both SLUH and Parkway West are making their first Final Four appearance. For Granite City, it's the third straight year the Warriors advanced. The Warriors finished fourth last year and were second in 1984.

Against Hazelwood Central, the Warriors came out strong and scored the only two goals of the game in the first six minutes of play.

"We wanted to come out and play hard set the tempo of the game," said Granite City coach Gene Baker.

The Warriors did just that as they stormed the Central goal from the opening whistle and forced several good opportunities.

"I knew they would come out

charging and play hard for the first ten minutes of the game on their emotions," said Hawks coach Steve Kern.

"We were hoping we could survive that."

At first the Hawks did well, but the Warrior pressure finally got the best of them.

Bill Aleksandran lofted a corner kick to the goal and the ball bounced to Mike Konuch he headed it over to Greg Bailey, whose shot found the back of the net six minutes into the game.

Less than 45 seconds later, Herb Heaton got into the action as he a

scored off an assist from Todd Adamitis, who was playing with a heavily taped ankle.

"I thought we got good work from our bench," Baker said. "The goals were the first to see."

The Warriors were without the services of Steve Becker, who had to sit out because of a sore foot injured in Granite City's 3-1 win over St. Mary's on Tuesday.

"Todd (Adamitis) is about 50 percent and Jeff Grote is still hurting a little but they were still out there working hard."

Granite City had five good shots in the opening period off Hawks' goalkeeper Chris Hume.

"He's been hot the past couple of games," Kern said. "His main problem is his height (5-3) and he got beat high tonight."

Granite City had several good opportunities in the second period. Early on, Aleksandran moved in close, but his shot went wide.

About eight minutes later, Mike Laneas in close but shot the ball over top of the goal.

"I thought Scotty Strack played his best game for us," Baker said. "Although he was not a statistic in the scoring he caused some things and gave us a lot with his leadership."

As usual, the Warrior defense was solid. The "Granite Wall" of Dave DeKousse, Adamitis, Kirk Mills kept the Hawks out of the game in the first half.

"We changed some things in the second half," Kern said. "Instead

## Phillips' late goal gives Stars 2-1 win

By Dave Whaley

GRANITE CITY — After a seemingly unforfeitable defensive lapse, the Granite City Campers Stars redeemed themselves.

Leading 1-0 in the final moments of a game, the last thing a team wants to do is allow the opposition to get a wide-open shot from close in. But that's exactly what Mike Desantis of the Washington University junior varsity team got with less than a minute to play in regulation.

Desantis' goal tied the game 1-1, but Pat Phillips of the Stars scored on a tip-in late in the second overtime period to give GCC a 2-1 win. The victory lifted the Stars over .500 at 6-5-1 and was their fourth win in a row.

Jerry Lakin of Granite City set up the winning tally after he and Craig Coffelt worked hard to get the ball loose in the far right corner. Lakin worked the ball in close from a bad angle and shot one off the body of Bears' goalie Jeff Pomranka. The ball skidded across to Phillips at the far post, he just tapped it in with just four minutes to play.

The Stars took a 1-0 lead with just 17 minutes left in regulation

play when Craig Coffelt banged in the rebound of a Wes Borden shot from in close. GCC appeared to have the win salted away in regulation time, but Desantis was able to break through the middle with 45 seconds left and blast a high shot past Chris Sondkers, who had no chance.

The Stars then dominated the two 10-minute overtimes, outshooting the Bears 9-2 and forcing four corner kicks. Sammy Garas of Washington U. actually had the first good chance of the extra session when he got behind the defense at 94:00. But his hard shot was right at Sondkers.

Borden, John Finnan and Rob Fafoglia all had good shots before Phillips finally cashed in.

The Bears had a majority of the close calls in the first half, but Sondkers was equal to the task. He then stopped Desantis with a brilliant diving save early in the

## Depew moves to sectional

Eldon Depew was the only Granite City golfer to advance out of the IHSA regional Thursday.

Depew, a senior, shot an 81 to tie for sixth in the Class AA regional in Edwardsville. The top 12 golfers advanced to next Tuesday's sectional.

"Eldon is just as consistent as anybody I've ever coached," said Westport golf coach Russ Chappell. "He's got a chance to go farther. He'll have to break 80 to do it."

Chappell was disappointed that more of his players didn't do better. Bill Gaumer, Jeff Isenburg and Mike Edwards all shot 90.

"We had trouble shooting away from our home course all year," Chappell said.

Andy Wood of O'Fallon took medal honors with 76, and the Panthers scored an upset by edging Edwardsville for the team title. They shot 318 to 320 for the Tigers. Belleville was next at 328; Mascoutah 332; Belleville Althoff 336; and Granite City tied for sixth with Alton at 350.

Late in the fourth period, Central started to force the play in the Granite City end. With 7:55 left in the game, Jim Mischback hit the crossbar with a drive, the ball bounced back out to Bob Garofalo whose soft shot drifted just wide.

With 3:08 left in the game, the Hawks finally scored when Randy Hunter blasted one right on. Matt Kerkovich dove to make the save, but the ball bounced off his chest and Darren Birgman slid it into the open net.

For the game, Granite City outshot Central 20-14 and held a 6-1 advantage in corner kicks.
